

100	System return temperature
101	System delivery temperature.
102	Condensation temperature or pressure (circuit 1).
103	Condensation temperature or pressure (circuit 2)
104	Evaporation temperature or pressure (circuit 1)
105	Evaporation temperature or pressure (circuit 2)
106	Coil temperature (circuit 1)
107	Coil temperature (circuit 2)
108	Outdoor temperature
109	1st Compressor discharge temperature.
110	2nd Compressor discharge temperature.
111	3rd Compressor discharge temperature.
112	4th Compressor discharge temperature.
113	5th Compressor discharge temperature.
114	6th Compressor discharge temperature.
115	Circuit 1 Compressors discharge temperature.
116	Circuit 2 Compressors discharge temperature.
